INNOVATIVE POOL PRODUCTS

LEAF MAX

**CORDLESS HANDHELD
CLEANER**

For all types of Pools

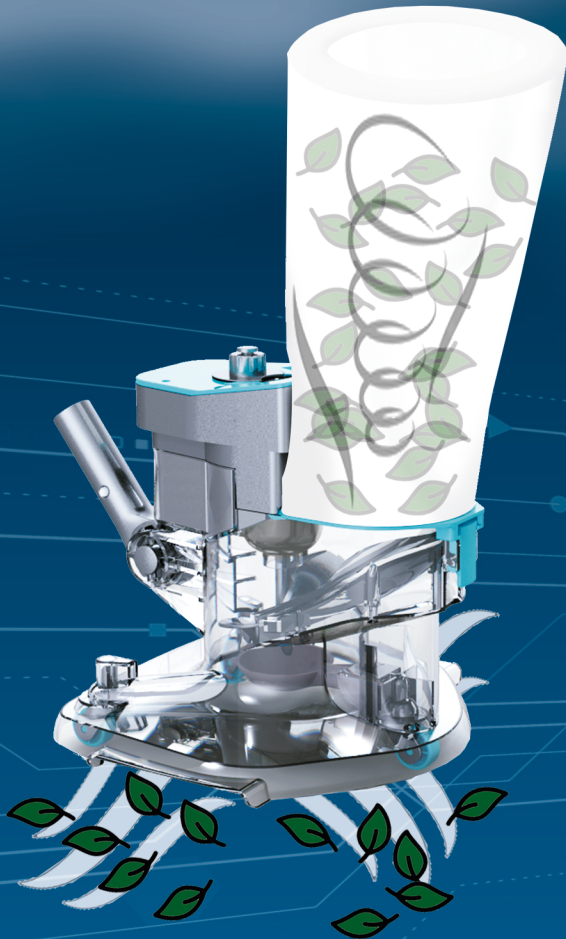

Also included Extra Large 5L Fine debris 70 microns bag to capture sand, dead algae and other fine debris

Leaf MAX is a self-contained battery powered pool cleaner with powerful suction designed to effectively remove leaves and debris such as acorns, and twigs from the bottom of your pool. Leaf MAX attaches to the end of a standard telescopic pole (not included) and will capture leaves and debris into a large debris bag.

Leaf MAX features a safe, over-sized impeller that generates powerful suction to effortlessly pull leaves and debris and deposit them into the high-capacity debris bag. The impeller continuously spins, keeping debris agitated and moving, avoiding suction blockages allowing you to clean your pool without any issues.

Leaf MAX offers INOPOOL's innovative design for safe, worry-free operation. Leaf MAX requires less charging and includes an over-sized 5,200 mAh battery with a 75-minute run time, and both fine and standard 5L debris bags. Leaf MAX is a safe, self-contained vacuum that's easy to use and maintain.

- Innovative Design Generating Maximum Suction (24 gal/Min)
