## INTELLIBRITE® COLOR-CHANGING LED LANDSCAPE LIGHTS

Simply the most dramatic lighting options available.

LED technology is clearly the wave of the future in energy efficiency, lifetime value and quality of light. And IntelliBrite light technology uses the brightest LED lights available to add the vibrance and intensity that create the beauty, safety and security you want around your home.

### SYSTEM KEY FEATURES

#### Synchronization

IntelliBrite landscape lights can be synchronized with IntelliBrite Underwater Pool and Spa Lights for coordinated or complementary lighting effects.

#### Two color effect modes

For a total of 10 rich, fixed colors and 14 mesmerizing, automated light shows to match your mood, the occasion or the season of the year.

#### Two brightness levels

To alter color intensity. Screw-off lens cap provides fast, easy access to mode and brightness switches.

#### Easy placement

For highlighting a tree, shrub, lawn sculpture or garden, as well as to illuminate drives, walks or decks and patios. Comes with mounting stake for secure attachment and easy installation.

#### Easy connection and adjustability

Connects to standard 12-volt transformer and has adjustable elbow joint for easy vertical adjustment.

#### Longer life

Provides significantly longer life than incandescent light bulbs.

#### Superior lens geometry and reflector design

Create highly uniform light and color distribution for best overall light quality and brilliance.

#### Durable, solid-state technology

No internal filament to wear out.
